POLAR RELIEF PARTY AIMED LEGION MAN FOR WAR SECRETARY

WAR VETERANS SUPPORT MAN FOR WEEKS JOB

Hanford MacNider, Former Na-
tional Commander of Legion,
Mentioned for War Post

FOUR MILLION BEHIND HIM

Secretary of War Weeks is Ex-
pected to Submit His Resigna-
tion to Coolidge

By WINDY R. HARRIS
Staff Correspondent Universal Service
WASHINGTON, May 27.—Hanford
MacNider of Mason City, Iowa, for-
mer national commander of the
American Legion, was put forward
today as the ex-service men's candi-
date for Secretary of War when
Secretary Weeks confidently expected
resignation is submitted to President
Coolidge.

The movement behind MacNider,
which up to this time has been
carried on without his knowledge, is
sponsored by leaders of soldier or-
ganizations who have started a nation-
wide campaign to line up all of the
four million veterans of the world
war behind him.

Representative Royal C. Johnson,
Republican of South Dakota, a Veter-
an himself, formally brought the
matter to the attention of the Presi-
dent today in a letter pointing out
the Iowa's fitness for the Cabinet
post and urging his selection if a
vacancy occurs in the War Depart-
ment.

HIGHLY ENDORSED.
Other leaders among the ex-ser-
vice men over the country are de-
clared to have taken up MacNider's
cause and expect to have endorse-
ments soon pouring in to the White
House. Prime movers in the drive
are the organizers of the United
States Service Men's League of the
United States, which MacNider headed,
and which is credited with rendering val-
uable services to the Coolidge-Dawes
ticket in the last election. The Presi-
dent and Chairman Byrd of the Re-
publican National Committee have
highly commended MacNider for that
work.

Britain to Send Note to France on Security Decision

(By Universal Service)
LONDON, May 27.—The British
Cabinet has made up its mind at
last concerning the security pact,
it is learned tonight.

The Cabinet meets tomorrow and
will set the final seal of approval
on the decision reached at a meet-
ing of the Ministry on Tuesday,
when Lord Balfour presided.

The Ministers then decided, on the
advice of Lord Balfour, to inform
France that the British Government
as well as the dominions favored a
security pact limited solely to
European frontiers without any
ambiguity or connections or references
to Eastern frontiers; that this pact
must be really mutual, couched in
the simplest language, embodied in
and that France be told she can
either take it or leave it, further dis-
cussion or attempts to widen the pact
being useless.

50,000 WITNESS RED EXECUTION

By O. L. TOLISCHUS
Staff Correspondent Universal
Service

BERLIN, May 27.—More than 50,
000 men, women and children wit-
nessed the execution at Sofia of the
three chief assassins responsible for
the bombing of the Soviet Kral Ce-
thedral, according to details reach-
ing Berlin. The reports pictured the
executions as a spectacle not wit-
nessed in the western world since
the middle ages.

Staged in the public market in the
west end of the capital city, which
like a vast arena is surrounded on
all sides by gently sloping hills that
served as a grand stand for the mas-
sacres of the hanging of three men pre-
sented a most unusual scene.

Except for three grim looking
gallows in the center of the arena,
it looked like a great holiday crowd
out to enjoy itself. At 8 a. m. the
doomed men were led into the mar-
et place, their hands tied behind
their backs. The holiday aspect of
the crowd disappeared as loud,
threatening imprecations were hurled
at the conspirators.

Then the sentences were read to
each individually, this ceremony last-
ing more than half an hour. Follow-
ing that the three made their last
confessions.

Three men hired as hangmen se-
ized the doomed men, threw nooses
over their necks and strung them up.
Colonel Koef, Friedmann and the
janitor, Zadgorski, were the men ex-
ecuted. Koef maintained his inno-
cence even while the noose was
being adjusted.

Announcement was made last eve-
ning that funeral services for Julius
Stiefvater, 50 year old resident of
Molokto, who formerly conducted a
business here, will be held from the
Bert Curry parlors at 2 p. m. today.
Instead of from the Elks clubrooms
as previously planned. The services
will be held under the auspices of
the Richmond Elks, however. Stief-
vater passed away on Wednesday.

JURY DELAY IN SHEPHERD CASE

(By Universal Service)
CHICAGO, May 27.—Jury picking
in the Shepherd case today failed to
develop into a team match.

In an effort to complete the first
panel of four men, which was broken
up by the summary dismissal of one
of the men already sworn in, the
defense and prosecution attorneys
were unable to score on the fourth
man.

As one name was tendered by the
State, the defense would immediately
"pick him off" and proceed in ten-
dering a substitute to the State.
State Attorney Robert L. Crowe,
emphatic of the same tactics with the
defense choices. In this manner 20
men were questioned, and dismissed
in today's session.

Behind the scenes of the actual
trials, State's Attorney Crowe con-
tinued his investigation of charges
of jury tampering.

With the appearance of James G.
Callan, accused of tampering with a
juror, in court this afternoon, the
report that he had dis-
appeared was dispelled.

Callan declared that he had been
in the custody of the State's At-
torney throughout the night.

Search for the missing State's wit-
ness, Robert White, was carried
from Philadelphia to New York, but
late today State's Attorney Crowe
admitted the early prospects of im-
mediate arrest of White were not so
bright.

Small Fire Held At Lumber Mill

A small fire, caused from a hot
box in one of the planers, broke out
in the San Pablo Lumber Mills
yesterday afternoon about 4 o'clock.
An alarm was turned into the fire
department from box 312 at Tenth
and Ohio streets, and Engines No. 2
and No. 4, Truck No. 1 and Chemi-
cal No. 1, answered the call under
the direction of Chief W. P. Cooper
and Assistant Chief J. J. Barry. The
blaze was extinguished in short or-
der and negligible damage was done.

Veterans Name Committees for Convention Here

A special meeting of Honor Post
No. 213, Veterans of Foreign War
was held in Memorial hall last night
for the purpose of furthering the
work of the convention which is to
be held here on June 25, 26, and
27. Commander C. W. Washburn
presided over the meeting.

The following committees were ap-
pointed to look after the arrange-
ments for the three big days:

About one hundred of the flags
and staffs sold to Merchants of Rich-
mond for decorative purposes have
arrived but due to some delay in
the freight trains the others have
not yet arrived. It is hoped that
they will be here for use on Mem-
orial day, but if they are not, the
purchasers are requested to have
patience as it was through no fault
of the veterans that the flags did
not arrive. They have been ordered
since April 19.

AUTO DRIVER INVOLVED IN PETERS DEATH

Man Who Caused Auto Crash on
Tark Hill Farm is Identified,
Name Withheld

CLAIMED TO BE RODEO MAN

District Attorney Investigates
Criminal Responsibility
In Crash

With the identity of the driver
who caused the automobile crash on
the San Pablo-Tark Hill Road, that
resulted in the death of Antonio Pe-
ters, Tark Hill hotel proprietor, made
known to the first time last night
at the Imperial Hotel, district at-
torney A. B. Timmer has issued a writ
injunction to determine whether ac-
cidental responsibility is attached to
the man.

The name of the driver, a Rodeo
man, was supplied by Manuel Mar-
cel, of Rodeo, who was riding in the
car at the time of the crash. Marcel
did not give the man's name at the
inquest but afterwards supplied this
information to officers. The jury re-
turned a verdict dividing the re-
sponsibility for the accident be-
tween Peters and the driver of the
other car. Peters was killed on
right and four passengers in his
car, including his daughter, Anna,
were injured.

Marcel testified that Peters' car
and the machine in which he was
riding were traveling in the same
direction and that the accident oc-
curred when Peters attempted to
pass the other machine.

Marcel declared the driver of the
car proceeded a quarter of a mile
and then returned to the scene of
the accident.

In view of Marcel's testimony the
district attorney directed an investi-
gation to determine whether any
criminal responsibility is attached to
the accident.

Former Secretary Fall, Sinclair and Doheny Indicted

(By Universal Service)
WASHINGTON, May 27.—Two new
indictments, alleging conspiracy to
defraud the United States, were re-
ported by the Grand Jury here to-
day against former Secretary of the
Interior Albert B. Fall and Edward
Doheny and Harry F. Sinclair, oil
magnates.

One indictment charges Fall and
Sinclair with conspiracy to defraud
the United States in connection with
the leasing and operation of the
Teapot Dome naval oil reserves.

The other makes a similar charge
against Fall and Doheny in connec-
tion with the Elk Hills naval oil
reserve.

The Grand Jury exonerated Edward
L. Doheny, Jr., who had been in-
cluded in the first conspiracy in-
dictment returned against his father
and Fall a year ago.

Both this indictment and an earlier
indictment against Fall and Sinclair
were quashed last month by Chief
Justice Mc Coy in the Supreme Court
of the District of Columbia. At the
same time, Justice Mc Coy quashed
indictments charging bribery.

tists of the east bay.

known violinist played a number of
pleasing selections that were ex-
ceptionally well received and con-
gratulations for his splendid numbers
were showered upon him. Two groups

popular radio entertainers, that were
of a very pleasing character.

vited to attend the services and any

orial wreaths.

Rooms Wanted For Veterans Meeting

As the number of delegates and
visitors to the Veterans of Foreign
Wars convention to be held
in Richmond on June 25, 26 and 27,
numbering up into thousands, the
proposition is causing consid-
erable difficulty to the convention
committee. Ralph Wood, chairman
of the committee, stated yesterday
that it would be greatly appreciated
if anyone in this city who can spare
a room during the convention would
communicate with him at the new
Veteran's Memorial hall in Twelfth
street.

NORWAY MAPS RELIEF PLANS FOR EXPLORER

Two Naval Planes Ready For
Expedition to Sweep Arctic
Area in Circles

FLIERS MAY START FRIDAY

Hope for Safety of Party is Re-
newed by Clear Weather,
Rising Temperature

(Special Cable Dispatch)

(By Universal Service)
OSLO, May 27.—A spezhbores mes-
sage to the Tofors. Tidende says
that the return of Captain Amundsen
and his companions is awaited there
with increased anxiety by those
aboard the stern and Hobby, the two
navy ships working with the polar
expedition.

If the explorer and his party have
not returned by Friday, or no word
is received from them the question
will arise of seeking further assis-
tance from the Norwegian Govern-
ment.

GOVERNMENT PLANS
The Minister of Defense today ex-
plained to newspapermen what in-
sures the Government will take ac-
tion upon for help from King's bay.
Two naval flying boats will be sent
at once from Horten by steamer by
way of Tromsø in order to save the
motors as much as possible. These
machines will operate with Spitzber-
gen as their base but will not be
sent to the pole as they are not con-
structed for such a purpose.

The navy planes will operate to-
gether flying in wide circles over the
polar basin and thus be able to sur-
vey a vast area. If Amundsen's ma-
chines had to land on the journey to
the pole of the return and are not
too far from Spitzbergen, the chance
of finding them are very great, the
Minister added. He said that al-
though no rescue for a time has
been received the situation is such
that preparations ought to be made
quickly in order to be ready if the
request arrives.

The weather prospects are consid-
erably improved. The sun is shin-
ing north of Spitzbergen and the tem-
perature is rising.

Necessity of Island Defense Told Committee

(By Universal Service)
WASHINGTON, May 27.—The neces-
sity of developing the defense of
Hawaii to an adequate state of pre-
paredness can not be over-estimated,"
This was the lesson learned by
the House sub-committee on Naval
Appropriations that witnessed the
recent joint army and naval manue-
vers, representative William B. Oliver
of Alabama, reported on his re-
turn to the capital today. Representa-
tive Oliver is the ranking minority
member of the sub-committee.

Inspection of the army and navy
bases and fortifications of the islands
also impressed the sub-committee.
Oliver stated, with the wisdom and
economy of hastening the completion
of the proposed improvements. The
desire for speed will be kept in
mind when the naval budget is taken
up in December.

The Alabama Congressman will
lay the results of the sub-committee's
observations before President Coolidge
within the next few days and
also will confer with Secretary of the
Navy Willard.

**Mother! I Want My Perfect Milk****OUR PROUD
REPUTATION**

That the Purity Creamery of Richmond is one of the best conducted and most sanitary plants in the state was the opinion of speakers who sponsored the new milk ordinance before the city council at its meeting this week.

Dr. Blake and others spoke in high terms about the local creamery which is said to have passed all state inspections with high scores under the pure food act. It has always merited the very best reports, it was said.

Growing children need plenty of our pure milk. Nature demands such a food to renew the strength their bodies require while expanding.

Once your child is given our milk he or she will want it regularly.

Our perfect milk doesn't cost any more than just the ordinary kind would cost and you are getting milk that the experts have said stands the test.

Redmen to Hold "Hobo Party" At Hall Tonight

Final arrangements were made at the meeting of Onetah Tribe, No. 183, Improved Order of Redmen, held at Redmen's hall last night, for the Memorial day ceremonies, and the lodge of sorrow to be held at Redmen's hall on Friday evening. Plans were also made to celebrate "Bunker Hill Day" on June 17. This day will be observed by all lodges. Organ by Dave Ginsburg and his Argonaut orchestra, Argonaut Hotel, Denver.

of Redmen and Pocahontas throughout the United States.

This evening, all members of the Pocahontas and Redmen's lodges will convene in Redmen's hall for a "Hobo" party. This is to be one of the big affairs of the two organizations, and all members are to be admitted only if they are attired in wearing apparel fitting to the occasion.

The weekly talk last night was given by J. A. Miller, who chose for his subject "Power" and he delivered a wonderful address on this topic.

L. Michel was named speaker of next meeting. Sachem R. H. Cunningham was the presiding officer.

Sunday School Teachers Meet

Sunday school teachers and officers of the San Pablo Baptist church will hold a business meeting Friday evening at 7:30, at the church parlors. It was announced yesterday by the Pastor Rev. Harry A. Kern. This meeting was postponed from last week on account of the Chautauqua in Richmond.

It was decided that on next Wednesday evening, an "Athletic night" would be held. The boys of the troop will have a volleyball game on the Redmen's athletic field and will take part in various other sports.

7% Preferred Stock

Will the New Hotel Pay A Dividend?

"What assurance has the investor that a dividend will be paid on the new hotel securities," asked a citizen of a member of the executive committee.

The Community Hotel Corporation of Richmond has a lease with the Hamilton Hotel operating company, by the terms of which the operating company will not receive any profits from operating the hotel until all expenses of operation, upkeep, taxes, insurance, interest charges on borrowed money, and a dividend of 7% on the preferred stock have been deducted from the annual income. Thereafter, the preferred stock holders, through their common stock holdings, will be entitled to receive, when declared as dividends, 50% of the surplus profit made through the operation of the hotel. The other 50% of the surplus profit goes to the operating company under the terms of its lease as its profit. The operating company assumes all liability for its operating expenses.

SAFETY AND EARNINGS

THE BASIS OF SECURITY of any investment lies in the nature of the physical property. The investment in Richmond's new hotel will be represented by substantial assets in the form of valuable real estate, upon which will be erected a new modern hotel. This business property is regarded as adequate security, without taking into consideration any increase of its value through the future growth and development of Richmond.

THE SECOND FUNDAMENTAL of an investment is that it should have earning power. The patronage is here. Being a part of a chain of hotels, we will be advertised throughout California. There will be a large number of permanent guests. It is known that many transients, having business in and about Richmond, would stop here if it became known we had an attractive and modern hotel. To a certain degree, automobile tourists on our highways will stop here rather than drive into congested city traffic at night. There will be an increase of patronage, due to favorable advertising of our city to the commercial and tourist world.

THE EARNING POWER of a hotel owned by a community, as Richmond's hotel will be, is increased by the hundreds of stock holders who realize that, by personally inviting tourists and others to stop in Richmond instead of going to other cities, their interests, as stock holders, as well as business in Richmond will be benefitted. In other words, every stock holder becomes a booster and an advance advertising agent for Richmond as a hotel center.

THE EARNINGS of this hotel will not have the burden of any promotion or watered stock. Every stockholder will purchase stock on exactly the same basis as others. The project will be carried through as a community enterprise by and for the benefit of Richmond and her citizens.

THE EARNING POWER is made more secure because the Hamilton Hotel Chain, as operators, are noted for attractive and distinctive service in all of their hotels and should attract many travelers as well as those whom they will route from other hotels in their chain.

THE INVESTORS in Richmond's new hotel will have the benefit of the experience of the best business men of Richmond, who will direct the affairs of the corporation for the stock holders."

Many of the substantial citizens of Richmond are backing our new hotel enterprise as A Business Investment. The ownership and control of our new hotel will be in the hands of our own citizens.

Unusual Scenes in "Heart of Siren" At The California

Certain of the scenes of "Heart of a Siren" with Barbara La Marr and Conway Tearle, required the use of newspaper and movie photographers.

These scenes depicted the entrance of Miss La Marr as Isabella Echevarria, the toast of Paris, in one of the leading hotels of the Riviera with her retinue of servants and attendants.

In order to assure absolute realism, Director Phil Rosen secured the services of Lester Lang, well known movie camera man, and Ben Behrens and Bradford Hunt, the latter two being recruited from the photographic staff of New York newspapers.

The three photographers proved themselves excellent actors and lent a most natural touch to this portion of the picture. In addition to Miss La Marr and Tearle, the cast includes such well known players as Harry Morey, Clifton Webb, Arnold Daly, Ida Darline, Ben Finney, Florence Billings, Tammany Young and others.

"The Heart of a Siren" will be offered by First National at the California theatre for the last time tonight.

Other features on the same program include "Dragon Alley," a Juvenile Comedy, "Cross Word Puzzle," International News, Larry Canelo at the organ.

LAST INNING RALLY WINS IN STANDARD GAME

STANDARD OIL LEAGUE

Mechanics	W. L. Pct.
Barrel Rouse	2 0 1000
All Standards	1 0 1000
Refinery	0 1 000
	0 2 000

With ideal weather conditions, on a perfect field, and with a rather small but select group of fans in attendance, the Mechanics humbled the Refinery by a score of 4 to 3 in the Standard Oil league, at First street last night.

Everything was in fine shape and the game was tight and exciting the entire seven innings. It looked for a while as if extra innings would have to be played, but in the last of the seventh the Mechanics started a batting rally and slid over the winning run.

Lamarra, who is a new man on the Mechanics team, was the star fielder of the day. In the second inning he spread one that was a sizzler and far out of the reach of any ordinary man. With a high leap and a back hand grab, the speedy Lamarra snatched the apple out of the air for an out. This was only one of the many brilliant catches and stops he made.

Chattelet was the heavy hitter of the day with his homer.

Dimock was in the box for the Mechanics and an example of the brand of ball he heaves was shown in the second when three successive willow wavers of the opposition stepped to the pan, whiffed three times, and walked back to the bench, much disheartened and great deal wiser ball players.

Kersten of the Refinery was also good on the mound and he too demonstrated his ability by knocking down some high ones and getting in the way of some fast grounders.

GAME BY INNING

First Inning: Refinery—Zimmerman flies out to Murray. Bartman hits into right garden, stole second, and went to third on a wild pitch. He scored when Clynes hit to left field. Clynes stole second and Snaveley.

Glamour of Old Shown in "Yolanda" At The Richmond

The star and director of Cosmopolitan's latest photoplay, "Yolanda," have captured all the glamor of a departed age of chivalry in that film which was shown last night at the Richmond theatre. It is a picture of fifteenth century France in the reign of Louis XI and shows those far off days in a haze of beauty from which the ugly and unessential have been excluded. It tells an appealing and romantic story of the love of Princess Mary of Burgundy masquerading as Yolanda, a burgher maid, for Prince Maximilian of Styria. For political reasons, her father commands her to marry the imbecile son of King Louis XI of France and her rescue from the French court forms a big dramatic climax to the production. The film pulses with life and presents pictures of constantly changing beauty.

Other features on the same program include "Cheer Up" a Cameo comedy, and "Prizma" a screen magazine.

The P. T. A. held a business meeting before the program with President Mrs. M. H. Edgar in charge. New officers who will guide the association during the next term were elected as follows: Mrs. Mabel Chapman, president; Mrs. Fitzerald, first vice-president; Mrs. Schulte, second vice-president; Mrs. Shaw, recording secretary; Mrs. Ryan, corresponding secretary; Mrs. Carpenter, financial secretary; Mrs. Edgerton, treasurer; Mrs. Brown, parliamentarian and Mrs. Kincaid, auditor.

STAGE LADIES AID HOLDS FOOD SALE

Under the chairmanship of Mrs. H. D. Eisenberger and Mrs. O. L. Bann, the Stage Ladies' Aid society conducted a most successful food sale at Creeley's store yesterday. Mrs. Eisenberger was in charge of the store during the sale, while Mrs. Bann called for the food, which the ladies were unable to bring.

Boston baked beans and brown bread were the big sellers of the day, although the other stock consisting of salad, pies and cakes were sold out by 1 o'clock.

The thanks of the committee are tendered those who patronized the sale and made it such a big success, and to those ladies who so generously donated the fine home-cooked foods on sale.

Local Man Loses Civil Service Job On Assembly Bill

John Galvin, of Richmond, and Mrs. C. A. Chamberlain, of Greenville, were ousted as members of the state civil service commission yesterday, through a ruling by Attorney General Webb that a bill signed by Governor Richardson must stand as a law though it was not passed by the legislature in the form in which it was approved by the governor.

The bill was introduced by Assemblyman Walter Little of Los Angeles and provided for the abolition of the two civil service commissions. After several hours of debate on the closing day of the legislature, it was amended to strike out this provision. Through an error, yet unexplained, the bill was sent to the governor without the amendment and was signed by him in that form. Webb rules that it has already become a law without the amendment.
